My dear Sir,

In returning File No.3442 dated 5th February 1915, I am directed to say that His Highness thinks that a wire fence for the new compound of the Cosmopolitan Club would be more in keeping with the surroundings and more artistic than a wall and I am to ask that the necessary steps may kindly be taken to carry out His Highness's wishes.

Yours sincerely,

Sir,

With reference to correspondence ending with Government order No 5407-11/M1 263-12-13 dated the 13th November 1913 conveying sanction to the grant to the Cosmopolitan Club, Mysore, of a site in the Gordon Park measuring 2 acres 28 guntas and 84 sqare yards, I have the honor to state the main building of the club has been completed and His Highness the Maharaja graciously opened the building on the 12th proximo

2 of the Secretaries of the Club say that the space now provided for the Tennis Courts is insufficient and involves risk of accidents to players etc and request that an additional plot of ground measuring 60 feet by 250 feet to the west of the present site may be granted for inclusion within the Club compound In enclosing a copy of their letter dated 4th instant I beg to recommend that in the circumstances therein represented the additional plot may kindly be sanctioned

Letter dated 4th November 1914 from the Honorary Secretaries of Cosmopolitan Club, Mysore to the Deputy Commissioner, Mysore District

---

On behalf of the members of the Cosmopolitan Club, Mysore, we beg to bring to your notice, that it is absolutely necessary to extend the free running space on either side of the Tennis Courts as the space now provided is insufficient, and involves grave risk of accidents to the players The Tennis Courts are on a lower level than the ground to their west and on a higher level than that to the East Experience has shown that the players run the risk of falling over the embankment on the one side and getting knocked by the rising ground on the other It is impossible to extend the Courts to the East as the Club building lies directly in the way and consequently the ground to the west has to be used for the purpose The proposed addition to the site is also likely to improve the general surroundings of the Club Building

We consider it essential that an additional plot of ground measuring 60 feet by 250 feet to the West of the present site should be included within the Club compound We request you to kindly move the Government for the grant of this plot of land free to the club for being included in the present site, which has been already granted and shall be highly grateful if our request is favourably considered by Government

3) Also, letter no. 477 dated the 22nd December 1914 from the same Officer submitting a plan showing the dimensions of the additional land proposed to be granted to the Club.

Order thereon

The additional plot of ground as marked on the plan measures 81' by 335'. Govt are pleased to direct that this land be granted to the Cosmopolitan Club free of cost for being added on to the Compound of the Club

2) Govt Consider that a bare fence for the new Compound of the Cosmopolitan Club would be

the more in keeping with the surroundings and more artistic than a wall and accordingly directed that the grant of the site be made subject to these Conditions and the Club required to put up a fence instead of a wall

3) It may perhaps be necessary to avoid a sharp corner at the North West end so as to present a neat appearance when viewed from the Gordon Park. The Dy. Com^{r} is requested to attend to this in Consultation with the President of the City Improvement Board while marking out the boundary at the time of handing over the site to the Club

Some amendment seems necessary in this para now that a wire fence is substituted for a wall
